OCBC Securities offers tiered loans

OCBC Securities Private Limited has announced its new Quality-Priced Loan feature, which offers tiered interest rates for financing the purchase of over 2,500 listed securities in multiple currencies. It is the first brokerage to offer the service here, and will provide USD, HKD, AUD, and SGD currencies across seven global exchanges: SGX, ASX, HKEx, Bursa Malaysia, NYSE, Nasdag, and AMEX. Customers who choose the feature can lower the interest rates levied on their SGD loans when higher quality securities are charged as collateral to secure their OCBC share financing facilities.
