Trading in capital markets products and borrowing to finance the trading transactions (including, but not limited to leveraged trading or gearing) can be very risky, and you may lose all or more than the amount invested or deposited. Where necessary, please seek advice from an independent financial adviser regarding the suitability of any trade or capital markets product taking into account your investment objectives, financial situation or particular needs before making a commitment to trade or purchase the capital markets product. In the event that you choose not to seek advice from a financial adviser, you should consider whether the capital markets product is suitable for you. You should consider carefully and exercise caution in making any trading decision whether or not you have received advice from any financial adviser. You should also read the relevant prospectus and/or profile statement (a copy of which may be obtained from the relevant fund manager or any of its approved distributors), prior to any trading or investment decision. Please refer to the prospectus of the relevant fund for the name of the fund manager and the investment objectives of the fund. In relation to collective investment schemes, the value of the units and the income accruing therefrom, if any, may rise or fall. For funds that are listed on an approved exchange, investors cannot redeem their units of those funds with the manager, or may only redeem units with the manager under certain specified conditions. The listing of the units of those funds on any approved exchange does not guarantee a liquid market for the units.
